UNCLE ED'S 001 — FINAL 1:1 DRAFT PATTERN

ONE OF ONE · THE LEGACY TUXEDO · By Edris Nazparvar · 2026

Draft basis: supplied body measurements + established 001 house design.

Scale: 1:1. Seam allowance outline: 0.8 cm shown dashed. Solid line = stitching/drafting line.

IMPORTANT: This is the final calculated draft from the supplied data, but it must be toile-fitted before final cloth.

Lapel: 12.0 cm finished, straight architectural outer edge, high gorge, peak.

Jacket: structured boxy Hollywood, crossover single button, full canvas, high armhole, double vents.

Trousers: high rise, flat front, 4.5 cm waistband target, side adjusters, minimal break.

Verify 10 cm calibration square after printing. Do not use printer 'fit to page'.

Cutting rule: cut toile first; transfer all fitting corrections to the master pattern; then cut final cloth.
